

MainMenuScreen

```
graph BT;
    GOI[GenericOptionsInterface] --> MMS[MainMenuScreen];
```

A UML class diagram showing a relationship between two classes. The class 'GenericOptionsInterface' is represented by a rectangle with a light gray fill and a black border. The class 'MainMenuScreen' is represented by a rectangle with a white fill and a black border. A solid blue arrow points from the bottom center of 'GenericOptionsInterface' to the bottom center of 'MainMenuScreen', indicating that 'GenericOptionsInterface' implements or inherits from 'MainMenuScreen'.

GenericOptionsInterface
