

UplinkObject

```
classDiagram
    class UplinkObject
    class Company
    Company --|> UplinkObject
```

A UML class diagram illustrating inheritance. At the top is a white rectangular box labeled 'UplinkObject'. Below it is a gray rectangular box labeled 'Company'. A solid blue arrow points vertically from the top center of the 'Company' box to the bottom center of the 'UplinkObject' box, indicating that 'Company' inherits from 'UplinkObject'.

Company
